NEWGENTECH
MATERIAL HANDLING INDIA

OUR SERVICE IS YOUR PEACE OF MIND

MISSION

"Go Global" is the mission statement of Newgentech. Our prime motto is to serve the WORLD with our innovative and quality equipment in the material handling arena. Our material handling equipment supplied to the every nook of the country. We are still thriving to make our foot-print in the global front with our innovative motions. Newgentech has coalesced its status as an across-the-board supplier of material handling and warehousing solutions.

CORE VALUES

- We think, plan and act with a long-term view
- We search for market-oriented innovations, promote them and implement them
- We want to "grow", but not at any cost
- We limit risks, and only undertake them in an acceptable framework
- We reinforce our financial strength thanks to internal financing

OUR STRENGTHS

- We design and manufacture in-house
- We have the latest manufacturing processes
- Our range extends from initial consulting services and the planning of complex projects, to production and implementation through to ongoing system maintenance
- We have wide-ranging, sector-specific expertise and across years of project-based experience
- We don't just sell products - with deliver complete solutions.

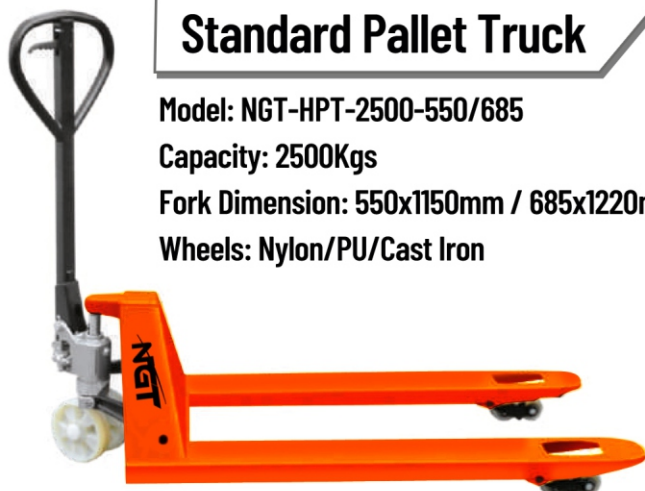

"NEWGENTECH Association with HYUNDAI MATERIAL HANDLING INDIA

NEWGENTECH is pleased to introduce their association with HYUNDAI MATERIAL HANDLING INDIA for distributing their Material Handling range.

Quality and reliability are the hallmark that have given HYUNDAI a solid reputation as the best manufacturer of Forklifts in the world.

Standard Pallet Truck

Model: NGT-HPT-2500-550/685

Capacity: 2500Kgs

Fork Dimension: 550x1150mm / 685x1220mm

Wheels: Nylon/PU/Cast Iron

Standard Pallet Truck

Model: NGT-HPT-3000-550/685

Capacity: 3000Kgs

Fork Dimension : 550x1150mm / 685x1220mm

Wheels: Nylon/PU/Cast Iron

Heavy Duty Pallet Truck

Model: NGT-HPT-5000-550/685

Capacity: 5000Kgs

Fork Dimension : 550x1150mm / 685x1220mm

Wheels: Nylon/PU/Cast Iron

Low Profile Pallet Truck

Model: NGT-LPT-1500-550/685

Capacity: 1500Kgs

Fork Dimension: 550x1150mm / 685x1220mm

Minimum Fork Height : 51/65mm

Stainless Steel Pallet Truck

Model: NGT- HPT- SS - 2000

Capacity: 2000 Kgs

Fork Dimension: 550 x 1150 mm / 685 x 1220 mm

Complete Stainless Steel Body.

MATERIAL HANDLING PALLET TRUCKS

NGT

Scissor Pallet Truck

Model: NGT - SPT - 1500
Capacity: 1000 Kgs / 1500 Kgs
Fork Dimension : 540 x 1150 mm / 685 x 1220 mm
Lift Height: 800 mm

Weighing Scale Pallet Truck

Model: NGT- WS - 2000
Capacity: 2000 Kgs
Fork Dimension: 540 x 1150 mm / 685 x 1220 mm
Battery: 6V / 4Ah
Optional Item : Printer

Lithium Ion Pallet Truck

Model: NGT- EHPT- 1500
Capacity: 1500 / 2000 Kgs
Fork Dimension : 550 x 1150 mm / 685 x 1220 mm
Battery: 24V / 20Ah (Li On Battery)

Reel Pallet Truck

Model: NGT- RPL - 3000
Capacity: Upto 3000 Kgs
Reel Dia: 600 - 1200 mm
Customised as per requirement.

Battery Operated Pallet Truck

Model: NGT - BOPT
Capacity: 2000 Kgs to 5000 Kgs
Fork Dimension : 550 x 1150 / 685 x 1220 mm
Battery: 24V / 210Ah - 330Ah
With Standon Platform
Optional Item : Lithium Ion Battery

Manual Hand Stacker

Model: NGT-MHS

Capacity: 1000 - 2000 Kgs

Lifting Height: 1600-3000mm

Fork Dimension: Fixed / Adjustable

Semi Electric Stacker

Model: NGT-SES

Capacity: 1000 - 2000 Kgs

Lifting Height: 1600 - 3500 mm

Fork Dimension: Fixed / Adjustable

Economy Power Stacker

Model: NGT - EPS

Capacity: 1000 - 1500 Kgs

Lifting Height: 1600 - 3500 mm (Fully Electric)

Fork Dimension: 560 x 1150 / 685 x 1150

Compact Stacker

Model: NGT - CS

Capacity: 1000 - 1500Kgs

Lifting Height: 2000 - 4500mm

For Min Aisle of 2200mm

Battery Operated Stacker

Model: NGT - BOS

Capacity: 1000 - 2000 Kgs

Lifting Height: 2800 - 6500 mm

Fork Dimension : 570 / 680 / 750 - 1150mm

Battery: 24V / 210 - 330Ah

Counter Balance Stacker

Model: NGT - CBS

Capacity: 1000 - 1500Kgs

Lifting Height: 2800 - 4500mm

Fork Dimension: Adjustable Fork

Battery: 24V / 210 - 330Ah

Hydraulic Dock Leveler

Model: NGT - HDL
Capacity: 5 / 10 / 15Ton
Platform Size: 2000 x 2750mm
Customization Available

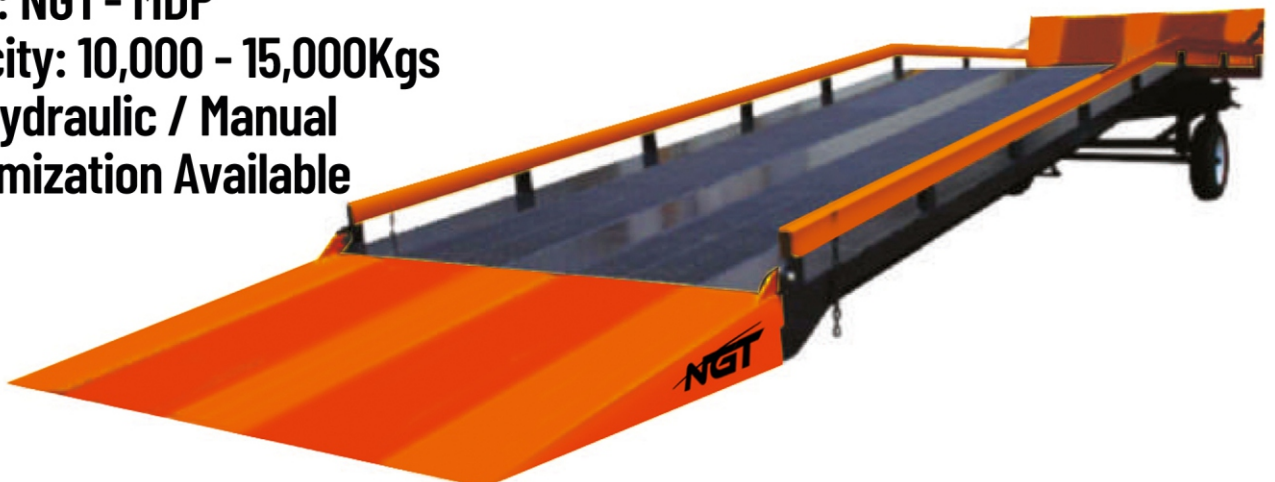

Edge Dock Leveler

Model: NGT-EDL
Capacity: 3000 - 6000Kgs
Platform Size: 705 x 1830mm

Mobile Dock Ramp

Model: NGT - MDP
Capacity: 10,000 - 15,000Kgs
Lift: Hydraulic / Manual
Customization Available

Floor / Pit Mounted

Model: NGT- SL
Capacity: 500 - 15,000Kgs
Lift Height: Customised
Platform Size: Customised

Roller Platform Scissor Lift

Model: NGT-SL-RP
Capacity: 500 - 3,000Kgs
Lift Height: Customised
Platform Size: Customised

Heavy Duty Scissor Lift

Model: NGT- HD - SL
Capacity: 5,000 - 50,000Kgs
Lift Height: Customised
Platform Size: Customised

Low Profile Scissor Table

Model: NGT - LP - ST
Capacity: 500 - 2,000Kgs
Lift Height: Customised
Platform Size: Customised

Single Mast Goods Lift

Model: NGT- 1 MGL
Capacity: 500 - 3,000Kgs
Lift Height: Upto 6Mtrs
Platform Size: Customised

Double Mast Goods Lift

Model: NGT- 2 MGL
Capacity: 500 - 5,000Kgs
Lift Height: Upto 11.5Mtrs

DRIVE WHEELS

Drive wheels are specially designed and manufactured for use in various drive applications.

- Manufactured with high-quality polyurethane resin.
- Our drive wheels excel in high-speed and high-load conditions, offering superior durability and reduced wear.
- Good traction and a smooth and comfortable ride.
- Available for all make of MHE

Shuttle Equipment

Stacker

SUPPORT WHEELS

Support wheels are engineered for use in pallet trucks and stackers. They support heavy duty applications in industrial trucks.

- Offers superior wear resistance and stability.
- Ideal for applications demanding precision and efficiency.
- Can be tailored for a variety of applications, to meet your specific needs.

Conveyor Line

Hand Pallet Truck

LOAD WHEELS

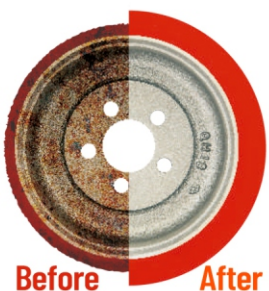

Load wheels are designed to use at the fork section of pallet trucks and stackers. The wheels are manufactured to adapt the bearings with different dimensions so as to fit on the hub/shaft of various trucks.

- Superb mechanical load-bearing performance in diverse industrial settings.
- Excellent resistance to wear and tear.
- Center part is made of high quality mild steel.
- Customized options available in various hardness levels, sizes, bearings and design to suit different applications.

Reach Truck

RELINING PROGRAM

Transform Worn - Out Wheel into a New Wheel

- Our relining program provides an economical alternative by refurbishing worn out wheels with a new polyurethane lining. Post-refurbishment, the wheels deliver performance comparable to new ones and offer a similarly extended service life.
- This solution not only boosts wheel efficiency but also contributes to substantial cost savings and promotes environmental sustainability.
